MATERIAL SAFETY DATA SHEET

SHEET													
1.	PRODUCT IDENTIFICATION AND COMPANY												
	Issue Date	01.01.2023											
	Validity Period	3 ye	3 years										
	Product Name	МІТА	MITASU CVT ULTRA FLUID 100% Synthetic										
	Product Code	MJ-3	MJ-329										
		Mitasu Oil Corporation											
	Producer	1-2-9, Nishi Shimbashi, Minato-Ku,Tokyo, 105-0003, Japan Tel: +81-3-5532-8187. Fax: +81-3-5532-8188 E-mail: info@mitasuoil.co.jp											
2.	COMPOSITION												
	COMPOSITION												
	Base Oil Content	78	_	95	%								
	Additives Content	5	-	22	%								
3.	HAZARDS IDENTIFICATION												
	Human Health	Product is not hazardous.											
	Eye Contact	Sligh	Slightly irritant.										
	Inhalation		Repeated and prolonged over-exposure to oil mists may cause irritation or discomfort.										
	Ingestion	Mini	Minimal toxicity.										
	Safety Hazards	Not	Not classified as flammable but will burn.										
	Environmental Hazards	Not readily biodegradable.											
4.	FIRST AID												
	Eye Contact		Flush eyes with large amount of water until irritation subsides. If irritation persists, get medical attention.										
	Skin Contact		Flush with large amount of water; use soap if available. Remove contaminated clothing. If irritation persists, get medical attention.										
	Inhalation	Rem	Remove to fresh air. If rapid recovery does not occur, get medical attention.										
	Ingestion	Do r	Do not induce vomiting. If rapid recovery does not occur, get medical attention.										
5.	FIRE SAFETY												

Flash Point		196 °C									
Tidon Form				mmable but will bu	rn H	lazardous combustion					
Flammable Limit	prod	Not classified as flammable but will burn. Hazardous combustion products may include carbon monoxide, oxides of sulphur, and unidentified organic and inorganic compounds.									
Autoignition Temp	>	286 °C	;								
Specific Hazards	inclu		lazardous combustion produ r, and unidentified organic ar								
Fire Fighting	splat	Use dry chemical, foam or carbon dioxide to extinguish fire. Water may ca splattering or frothing. Use water to cool and protect fire-exposed material protective equipment during fire fighting.									
. ACCIDENTAL REL	ACCIDENTAL RELEASE MEASURES										
Clean-up Procedure	Stop the source of leak or release and contain spill if possible. Cover spill with generous amount of inert absorbent material such as sand or earth. Sweep up a remove to suitable, clearly marked containers for disposal in accordance with lo regulati.										
. HANDLING AND S	TORAGE										
Handling	Handling temperatures should not exceed 70°C. Wear proper safety protect equipment. Wash hands thoroughly after handling. Water contamination and spillage should be avoided.										
Storage	toxic	Storage temperatures should be maintained between 0 to 50°C. Odorou toxic fumes may be evolved from decomposition of product if stored about safe temperature.									
EXPOSURE CONT	ROL/PEF	RSONAL	PROT	ECTION							
Exposure Limits		Threshold Limit Values for oil mist is recommended to be controlled at 5 mg/m3 or lower for exposure of 8 hours daily.									
Ventilation	Exha	Exhaust ventilation to keep below exposure limits.									
Eye Protection	Wea	ar safety (glasse	s or face shields if	splas	shing is likely to occur.					
Skin Protection		Avoid repeated and prolonged contact with product. Use oil resistant gloves.									
		Avoid repeated and prototiged contact with product. Ose on resistant gloves.									
Respiratory Protecti	on Not i	Not normally required unless in confined space.									
Body Protection Use proper protective equipment to avoid contact. Wear PVC apron if splash are likely to occur.							plashes				
PHYSICAL AND CH	PHYSICAL AND CHEMICAL PROPERTIES										
This information is based on our current knowledge and is intended to describe the product for the purpos health, safety and environmental requirements only. It should not be construed as guaranteeing any speciproperty of the product.											
TEST DESCRIPTION	N	UNIT		METHOD		TYPICAL RESULTS					
Color				Visual		Pink					
Density at 15 °C		kg/l		D 4052		0,8530					
Kinematic Viscosity at 40 °C Kinematic Viscosity		cSt	\perp	D 445		31,30					

	Viscosity Index		-	D 2270		193						
	Flash Point, COC		°C	D 92		201						
	Pour Point		°C	D 97		-45						
10.	STABILITY AND REAC	CTIVITY										
· · ·	Stability Product is stable under normal use conditions.											
	Thermal Decomposition	Carbon monoxide, carbon dioxide, oxides of sulphur and nitrogen and organic and inorganic compound may evolve when subject to heat or combustion.										
	Hazardous Polymerisation	Will not occur under normal conditions.										
	Incompatible Materials	Strong oxidizing agents. Strong acids										
1.	TOXICOLOGICAL INFORMATION											
	Basis	No toxicological data is available for this product. Information is provided based on the additives, other components and base stock used.										
Acute Exposure Oral LD 50 expected to be above 2000 mg/kg												
	Acute Exposure Skin LD 50 expected to be above 2000 mg/kg											
	Inhalation	Repeated or prolonged exposure to oil mists may cause irritation.										
	Eye Irritation	Slightly irritant.										
	Skin Irritation	Not a skin irritant unless repeated or prolonged contact.										
	Respiratory Irritation	Slight irritant.										
	Carcinogenicity	No data to suggest that product is carcinogenic.										
	Mutagenicity	No data to suggest that product is mutagenic.										
	Other Information	Brief contact with used oil is not expected to have serious effect in humans if the oil is removed thoroughly by washing with soap and water.										
		Used engine oils may contain harmful impurities that have accumulated during use. The concentration of such impurities will depend on use and they present risks to health and the environment on disposal. All used oils should be handled with caution and skin contact should be avoided.										
12	ECOLOGICAL INFORMATION											
2.	No ecological data is available for this product. Information is provided based on											
	Mobility	the additives, other components and base stock used. Liquid under most environmental conditions. Floats on water. It is absorbed by soil and will not be mobile.										
	Persistence/ Degradability	Not readily biodegradable. Major constituents are expected to be inherently biodegradable, but the product contains components that may persist in the environment.										

	Bioaccumulation	Has the potential to bioaccumulate.									
	Ecotoxicity	Poor soluble mixture. Practically non-toxic to aquatic organisms. May cause physical fouling of aquatic organisms.									
13.	DISPOSAL CONSIDERATION										
	Product Disposal	Used or waste oil should be recycled or disposed off in conformity to local disposal regulations. Contact local authorities for approved disposal contractor.									
	Container Disposal	Empty drums should be completely drained and sent to a drum reconditioner or properly disposed of. Non-reusable small containers should be recycled or disposed of. Ensure conformity to local disposal regulations.									
14.	TRANSPORT INFOR	TRANSPORT INFORMATION									
	General Information	Not dangerous for conveyance under UN, IMO, ADR/RID and IATA/ICAO codes.									
15.	REGULATORY INFORMATION										
	Not Applicable.										
16.	OTHER INFORMATION										
	The above information is based on data of which we are aware and is believed to be correct as of the date hereof. Since the information contained herein may be applied under conditions beyond our control and with which we may be unfamiliar and since data made available subsequent to the date hereof may suggest modifications of the information, we do not assume any responsibility for the results of its use. This information is furnished upon the condition that the person receiving it shall make his own determination of the suitability of the material for his particular purpose. Therefore, no warranty either express or implied of merchantability or fitness for particular purpose is made with respect to the product or the information contained herein.
