MATERIAL SAFETY DATA SHEET

	OFILL									
1.	PRODUCT IDENTIFICATION AND COMPANY									
	Issue Date	01.01.2023	01.01.2023							
	Validity Period	3 years	3 years							
	Product Name	MITASU GRE	MITASU GREEN LONG LIFE ANTIFREEZE/COOLANT - 40 °C MJ-642 Mitasu Oil Corporation							
	Product Code	MJ-642								
		Mitasu Oil Co								
	Producer	1-2-9, Nishi Shimbashi, Minato-Ku,Tokyo, 105-0003, Japan Tel: +81-3-5532-8187. Fax: +81-3-5532-8188 E-mail: info@mitasuoil.co.jp								
2.	COMPOSITION									
	Description	CAS No.	EINECS No.	EU No.	Conc.					
	Deionized water				44-46%					
	Ethylene glycol	107-21-1	203-473-3	603-027-00-1	54-56%					
3.	HAZARDS IDENTIFICATION									
	Human Health	Product is haz								
	Eye Contact	May cause mi								
	Inhalation	Repeated and discomfort.	y cause irritati	on or						
	Ingestion									
	Safety Hazards	Not classified	Not classified as flammable but will burn.							
	Environmental Hazards	Biodegradable	Biodegradable.							
4.	FIRST AID									
	Eye Contact	get medical attention. Flush with large amount of water: use soan if available. Remove con								
	Skin Contact									
	Inhalation Remove to fresh air. If rapid recovery does not occur, get medical a									
Ingestion Do not induce vomiting. Seek immediate medical attention										

5.	FIRE SAFETY									
	Flash Point	>	111	°C						
	Flammable Limit	Not classified as flammable but will burn. Hazardous combustion products may include carbon oxides, aldehydes, ketones, and unidentified organic and inorganic compounds.								
	Autoignition Temp	Not deter	Not determined.							
	Specific Hazards	products	Not classified as flammable but will burn. Hazardous combustion products may include carbon oxides, aldehydes, ketones, and unidentified organic and inorganic compounds.							
	Fire Fighting	splatterin	Use dry chemical, foam or carbon dioxide to extinguish fire. Water may caus plattering or frothing. Use water to cool and protect fire-exposed material. Water to equipment during fire fighting.							
6.	ACCIDENTAL RELEASE MEASURES									
	Clean-up Procedure Stop the source of leak or release and contain spill if possible. Cover spill wi generous amount of inert absorbent material such as sand or earth. Sweep or remove to suitable, clearly marked containers for disposal in accordance with regulati.							Sweep up and		
7	LIANDI ING AND CTO	2405								
7.	HANDLING AND STO	_								
Handling temperatures should not exceed 70°C. Wear proper safety equipment. Wash hands thoroughly after handling. Water contamina spillage should be avoided.										
	Storage	Storage temperatures should be maintained between 0 to 50°C. Odorous toxic fumes may be evolved from decomposition of product if stored above safe temperature.								
8.	EXPOSURE CONTROL/PERSONAL PROTECTION									
	Exposure Limits	Threshold Limit Values for oil mist is recommended to be controlled at 5 lower for exposure of 8 hours daily. Exhaust ventilation to keep below exposure limits.						at 5 mg/m3 o		
	Ventilation									
	Eye Protection Wear safety glasses or face shields if splashing is likely to occur.									
Skin Protection Avoid repeated and prolonged contact with product. Use oil resistant Respiratory Protection Not normally required unless in confined space.							Jse oil resistant	gloves.		
	Body Protection Use proper protective equipment to avoid contact. Wear PVC apron if splas are likely to occur.							f splashes		
9.	PHYSICAL AND CHEMICAL PROPERTIES									
This information is based on our current knowledge and is intended purposes of health, safety and environmental requirements only guaranteeing any specific property of the product.										
	TEST DESCRIPTION			UNIT		METHOD		TYPICAL RESULTS		
	Color			-		Visual		Green		
	Donaity at 15 °C			kg/l		D 4052		1.0700	I	
	Density at 15 °C Density at 30 °C			kg/l		D 4052	-	1,0700 1,0357		

rability nermal ecomposition azardous olymerisation compatible Materials OXICOLOGICAL INFO asis cute Exposure Oral	Product is stable under normal use conditions. cute Exposure Skin	LD 50 expected to be above 2000 mg/kg								
	LD 50 expected to be above 2000 mg/kg								
halation	Repeated or prolonged exposure to mists may cause irritation.								
ye Irritation	Slightly irritant.								
kin Irritation	Not a skin irritant unless repeated or prolonged contact.								
espiratory Irritation	Mild irritant.								
arcinogenicity	No data to suggest that product is carcinogenic.								
utagenicity	No data to suggest that product is mutagenic.								
ther Information	Brief contact with used product is not expected to have serious effect in humans the product is removed thoroughly by washing with soap and water.								
	Used product is toxic, may contain harmful impurities that have accumulated during use. The concentration of such impurities will depend on use and they present risks to health and the environment on disposal. All product should be handled with caution.								
ECOLOGICAL INFORMATION									
asis	The product is toxic. Ethylene glycol is more acutely toxic to humans than to animals.								
obility	Liquid under most environmental conditions. Floats on water. It is absorbed by soil and will not be mobile.								
	Biodegradable.								
ersistence/ egradability	Has not the potential to bioaccumulate.								
egradability	Practically non-toxic to aquatic organisms. Biodegradable.								
_	bility rsistence/ gradability								

	Product Disposal	Used or waste product should be recycled or disposed off in conformity to local disposal regulations. Contact local authorities for approved disposal contractor.									
	Container Disposal	Empty drums should be completely drained and sent to a drum reconditioner or properly disposed of. Non-reusable small containers should be recycled or disposed of. Ensure conformity to local disposal regulations.									
14.	TRANSPORT INFORI	MATION									
	General Information	Not dang	Not dangerous for conveyance under UN, IMO, ADR/RID and IATA/ICAO codes.								
15.	REGULATORY INFOR	REGULATORY INFORMATION Not Applicable.									
	Not Applicable.										
16.	OTHER INFORMATION
